

The Buena Vista Rancheria of Me-Wuk Indians & Chairwoman Rhonda L. Morningstar Pope Want to Hear From You!

To the residents of Amador County:

- Governor Schwarzenegger's office has asked us to rescind the Tribal Environmental Impact Report (TEIR) we had submitted as part of our compact with the State of California.
 - As part of a new beginning, we are now collecting comments from local government agencies and the people of Amador County on the potential impacts of the proposed casino.
 - We are committed to being good neighbors to the people of Amador County and surrounding communities.
 - This project will boost Amador County's tourism industry, create many quality jobs for local residents, and benefit us all.
- We invite you to participate. Write us at:

Or email: buena.vista.rancheria@gmail.com

"It's a new year, and a chance for a new beginning. We've listened to the people of Amador County and to the Governor of the State of California. This new process will include everyone."
